Cambridge
CA3 4DG

Dear Sir or Madam

Maximum file size: 2.5MB. Any attempt to upload larger files will result in an error. Please optimise your images to ensure a reasonable file size. There's no reason why your files should be much more than 1MB.

Filenames should contain only alphanumeric characters (0-9, a-z, A-Z), and the hyphen, underscore and dot characters. Apostrophes and other characters will cause an error.

All files should be in Adobe PDF format.

Please ensure all submitted work has your name on it and the filename is in the form specified in the project brief. Unnamed work cannot be marked!

If you need to upload a corrected version of your submission, simply upload again using the same filename and the old version will be replaced with the new one.

Your sincerely

Husien Panahi
