

# Landscape Digital Design – ENVT1016

## Day 2 – Introduction to Digital Design and Project

Tuesday 12<sup>th</sup> January 2010

- 10:30am First morning session begins**  
Day 1 review  
What is Digital Design?  
Digital design software: AutoCAD, SketchUp, Photoshop & PowerPoint  
Workflows and digital design methods  
Online resources: Digimap, Google maps, CADTutor.net etc.  
Introduction to the design project  
Site visit and site photography
- 11:30am Morning break**
- 11:45am Second morning session begins**  
Sketch design  
Plan, front and side elevations with dimensions  
Construction and materials
- 1:00pm Lunch**
- 2:00pm First afternoon session begins**  
Landscape Digital Design (lecture)
- 3:15pm Afternoon break**
- 3:30pm Second afternoon session begins**  
Example student work for LDD  
Example student work for CAD & Visualisation  
Q&A
- 5:00pm Day Ends**

## Project Brief

You are to design a visitor information panel for the Winter Garden at Avery Hill. The panel should be 1.2m x 1.2m x 40mm and the base of the panel should be 1.0m above the ground. The panel should be located outside the Winter Garden and within 50m of it. The actual location is up to you. The panel support should be designed in a simple but appropriate style.

Your design must be presented as a photographic image, showing the panel in situ.

The tutorials at [www.CADTutor.net](http://www.CADTutor.net) cover many of the topics taught on this course. More information about this course can be found at the course homepage: [www.coursestuff.co.uk](http://www.coursestuff.co.uk)
